2024 National Science Foundation Graduate Research Fellowship Program *A Virtual Workshop*

Monday, September 30, 2024 at 5:00 – 6:30 PM
Thursday, October 3, 2024 at 12:00 – 1:30 PM

The NSF GRFP supports students in various STEM fields including the social sciences and STEM education. Each Fellowship provides 3-years of support during a 5-year fellowship period. For each of the 3 years of support, NSF provides a \$37,000 stipend and \$16,000 cost of education allowance to the graduate degree-granting institution of higher education.

All seniors applying to graduate school next year as well as first-year graduate students currently at UNCG who are U.S citizens or permanent citizens, are eligible and invited to attend. The workshop will provide tips for strengthening your application.
